

Application No. 09/653,598
Amendment dated August 30, 2005
Response to Office Action dated June 3, 2005

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claim 1 (previously canceled).

Claim 2 (previously amended). The electronic imaging device of claim 5, wherein said means for receiving and transmitting electronic image-encoding digital information is a charge coupled device (CCD).

Claims 3 - 4 (previously canceled).

Claim 5 (original): A unitary electronic imaging device comprising:

a housing;

means for receiving and transmitting electronic image-encoding digital information;

a reflective flat panel display capable of being electronically addressed, in response to said electronic image-encoding digital information, to provide in reflected light a reflection image;

a reflection image viewer;

a receptacle for holding a photosensitive imaging medium; and

an optical system capable of selectively directing the reflection image reflected off said reflective flat panel display toward either (a) said receptacle for the imagewise area exposure of a photosensitive imaging
